

# FAIR FOOD, FAIR PLAY:

## Growing Healthy and Active Neighborhoods

Massachusetts Public Health Association  
Annual Meeting and Conference

### Mark Winne KEYNOTE SPEAKER

Mark Winne is a food justice activist and a nationally renowned expert on hunger and food insecurity, local and regional agriculture, community food assessment, food policy, and author of *Closing the Food Gap—Resetting the Table in the Land of Plenty*.

### Get Involved

Join us for a day focused on policy change as MPHA rolls out a three-year campaign using state and local policy to improve food and physical activity environments and to support local agriculture around the Commonwealth. We need your participation—be part of a discussion led by healthy food and physical activity activists working in four different regions of the state, and break out into groups by region to share priorities and build action steps on local and statewide food and built environment policy campaigns.
